

POOJA VERMA

Full Stack .NET Developer

Phone: 6388943172 | Email: pv150489@gmail.com | LinkedIn: linkedin.com/in/pooja-verma-aa0150239

PROFESSIONAL SUMMARY

Full Stack .NET Developer with 3+ years of experience designing and delivering scalable, high-performance enterprise applications across government, industrial, and commercial domains. Strong expertise in .NET Core 6/8, Angular, ASP.NET MVC, C#, REST APIs, and MS SQL Server. Skilled in applying SOLID principles, Repository design pattern, and clean architecture to build maintainable solutions. Proven ability to lead end-to-end development, integrate ERP and SAP systems, and collaborate in Agile cross-functional teams.

TECHNICAL SKILLS

Backend: .NET Core 6/8, ASP.NET MVC, ASP.NET Web Forms, Web API, Windows Forms, C#

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, jQuery, AJAX, Angular

Database: MS SQL Server, Stored Procedures, CTEs, Triggers, LINQ, Query Optimization

API & Integration: REST API, ASMX API, SAP API, ERP Integration, Postman, Swagger

Architecture: SOLID Principles, MVC Pattern, Repository Pattern, Clean Architecture, Layered Architecture

Dev Tools: Visual Studio, VS Code, SSMS, IIS, Git, GitHub

Methodologies: Agile, Cross-functional Collaboration, Code Review, Mentoring

PROFESSIONAL EXPERIENCE

Software Engineer - .NET Full Stack | Vibrant IT Solutions Pvt. Ltd. | April 2025 - Present

- Architected and delivered scalable enterprise applications using .NET Core 6/8, ASP.NET MVC, and MS SQL Server, reducing deployment effort by 30% through reusable component design.
- Integrated SAP APIs and RESTful Web Services enabling real-time ERP data synchronization, eliminating manual data entry for 500+ daily transactions.
- Built dynamic dashboards and data-driven reporting modules, improving operational decision-making for Sales and Admin teams.
- Mentored junior developers on clean code practices, SOLID principles, and Git workflows, improving overall team delivery speed.

Software Engineer - .NET Full Stack | Cloudsect Solution Pvt. Ltd. | December 2022 - March 2025

- Developed and deployed 6+ enterprise-grade web and desktop applications serving government bodies and industrial clients across Uttar Pradesh.
- Designed complex SQL stored procedures, CTEs, and triggers for high-volume datasets, improving critical query performance by up to 40%.
- Implemented RBAC (Role-Based Access Control) across multiple applications, ensuring secure and controlled workflows for 1,000+ users.
- Collaborated with QA, business analysts, and clients in Agile sprints, delivering projects on time with zero critical post-deployment defects.

KEY PROJECTS

Dham Pur Sugar - Sales Operations Platform

- Engineered a full-cycle sales management system with multi-level access (Admin, Sales Head, Agent), approval workflows, and real-time status tracking.
- Integrated SAP APIs for automated ERP data synchronization, reducing manual reconciliation effort by 60%.
- Stack: .NET Core, C#, MS SQL Server, Bootstrap, JavaScript, SAP API

Birla Dev Cane Management System

- Built a field operations platform managing 10,000+ farmer records with attendance tracking, seed reservation, plot modification, and MIS reporting.

- Implemented division-wise logins for field officers and a centralized admin control panel for multi-region monitoring.
- Stack: ASP.NET MVC, C#, MS SQL Server, Bootstrap, JavaScript

State Election Commission, UP and CEOUP Polling System

- Developed secure, high-availability online voting and polling systems for statewide elections with data integrity and access control for election officials.
- Stack: ASP.NET Web Forms (ASPX), MS SQL Server, Bootstrap, JavaScript

ERMS ULB and PRI | MPS Application | Dalmia Bharat Sugar | Wave Dev | Rapidkabaddi

- ERMS V2, ULB and PRI, MPS: Built multi-department Enterprise Resource Management Systems for UP government bodies, supporting 500+ concurrent users.
- Dalmia Bharat Sugar: Developed Cane Development modules with API integration, attendance reporting, indent management, and operational MIS reports.
- Wave Dev: Supply chain operations application for tracking Diesel, Indent, and Planting workflows with access control and real-time reporting.
- Rapidkabaddi: Real-time sports platform for live Kabaddi match score and statistics management.
- Stack: .NET Core, ASP.NET MVC, ASP.NET, ASPX, ASMX API, C#, MS SQL Server, Bootstrap, JavaScript

ERMS V2

- Developed and maintained a large-scale Enterprise Resource Management System (ERMS) for government departments, supporting workflow automation, employee management, approvals, reporting, and role-based access control.
- Implemented responsive front-end modules using Angular and integrated them with REST APIs developed in .NET Core.
- Optimized database queries and application performance to support 500+ concurrent users.
- **Stack:** Angular, .NET Core, C#, Web API, MS SQL Server, Bootstrap, JavaScript

EDUCATION

B.Tech - Computer Science and Engineering | Himalayan Institute of Technology and Management, Lucknow | 2025
Diploma - Information Technology | Government Girls Polytechnic, Ayodhya | 2021

CERTIFICATIONS AND TRAINING

- eCareer Advancement Bootcamp (1 Month) - Medha
- Apprenticeship - Techpile Technology Pvt. Ltd. (July 2022 - December 2022): Hands-on training in ASP.NET MVC, JavaScript, Bootstrap, jQuery
